1971. The Flower Bin has been
proudly serving Colorado Gardeners
for over **51** years.

May 2022

MOTHER'S DAY - BRING HER TO OUR HAPPY PLACE!

*Wishing
Lee a
Special
Mother's
Day*

Lee is the Mother of 5 boys.
She has 13 grandchildren,
and 10 great grandchildren.
Family is special to Lee and
she has helped her husband
Don run The Flower Bin for 51
years.

We Hope You Enjoy This Addition to our Nursery

HAPPY MOTHER'S DAY

It is that time of the year to show your mom just how special she is. Take her out to brunch then bring her by The Flower Bin.

We are stocked up on the most beautiful flowers and plants. Our flower bulb selection is the best around. We have cute work aprons and hats. Take a stroll through with mom.

Get inspired together!

IT'S NEVER TO LATE

Spring has decided to arrive a little later than usual this season, but that is not stopping us from having all the unique and colorful perennials and shrubs for you to choose from. We are stocked with evergreen and xeric options that will require less water and maintenance as well as many of the tried-and-true Colorado natives. Our Plant Select® section is very well represented and will complement the outstanding selection of sun and shade perennials and shrubs.

When looking around your garden this spring look at every available space to see if it is possible to add another pop of color or perennial to add some height or visual interest. Come on in and we will be sure to assist you in finding what you need.

Billie Jo, Perennials Manager

We have the best selection from Plant Select® including these...

Regal Torch Lily

Cape Cod Forget Me Knot

Purple Mountain Sun Daisy

Remembrance Columbine

"Life doesn't come with a manual; it comes with a mother."
Author unknown.

Happy Mother's Day to all the moms and mother figures in our lives. To honor that special person, The Flower Bin offers a huge selection of herbs-culinary, medicinal, fragrance, and pollinators. Put together an herb garden or chose one of our premade gardens.

A pretty bucket with herbs, garden tools, plant identifiers, a hat or gloves makes a very appreciated gift. And treating yourself is also a great way to celebrate the spring. Everyone can add fresh herbs to their garden to spice up their cooking and their senses and rejuvenate their annual and vegetable garden. Come in and look around. It will make your day!

Happy Mother's Day! You really do make the world go round!

'Tis the season! Finally, we can grow plants outside again! Many indoor plants benefit from spending the growing season outdoors. There are a few things to keep in mind when taking your plants outside.

Always acclimate sun loving plants to the direct sun, otherwise they can get scorched. Do this over a week's time; start the plants in shade for the first 3 days, then move into a dappled shade area for 3 more days and then move into your sunny location. Make sure to increase watering. The wind, brightness, and temperature will dry plants out much faster, and they will need much more water; in the heat of the summer, it could be as much as every day. Now that your plants are going to go on a growth spurt it is key to feed your plants. Jack's Houseplant Special is a really good choice. It is a good time to repot any root bound plants up to the next size. It is important to go only the next size up and not to overpot.

Happy Growing!

Corinna, Foliage Manager

THE ANNUAL HOUSE HAS MORE THAN ANNUALS... VEGETABLES, HERBS, CACTI, HOUSEPLANTS, AND MORE!

Jamesbrittenia

Phlox Popstars Mix

Heliotrope Augusta Lavender

DARE TO BE DIFFERENT

Are you the kind of person who thinks outside the box? Do you want to grow something that will make your neighbors stop and ask, "what is that?" If you are a brave and adventurous gardener; we have a few plants just for you!

First, let us introduce to you, Jamesbrittenia. It's a big name for a very sweet little flower that trails in a basket or container. We think the Safari series from Proven Winners is a keeper in a part sun situation!

Next, back by popular demand is "Ketchup and Fries". Take a cherry tomato plant and graft it onto a white potato root stock (yes, we said tomato and potato!) Plant it in a pot, and harvest both potatoes and tomatoes from the same plant!

Do you have limited space for a vegetable garden? Try the new series of "Super Dwarf" tomato plants. The plants will naturally stay small, while producing normal size fruit all season long.

Finally, there is Heliotrope Augusta Lavender. This Proven Winner selection will knock your socks off! The size of a small shrub, it has tons of tiny pink/lavender flowers that draw the pollinators like magnets. Get yours early! Supplies will be limited.

Happy gardening!

Kim, Annuals Greenhouse Manager

Ketchup & Fries

Corn Glass Gem

Watermelon Yellow Doll

HOURS BEGINNING MAY 1st

Mon-Fri: 8 am-7pm, Sat 8 am-6 pm, and Sunday: 9 am-6 pm

NOW IS THE TIME . . .

- ◆ Feed your tomatoes and vegetables organically. Choose OMRI certified organic fertilizers from *ferti·lome*, *Fox Farm* or *True Organic*
- ◆ Fertilize your roses with *ferti·lome Natural and Organic rose food* or *True Organic Rose and Flower Food*
- ◆ Apply *Revive* and *ferti·lome HuMic humate* to your lawn to optimize water usage and increase nutrient uptake this summer
- ◆ Get rid of visible weeds and feed your lawn at the same time with *ferti·lome's Weed-Out Plus Lawn Fertilizer*
- ◆ Treat and help prevent the spread of lawn diseases with *ferti·lome F-Stop*
- ◆ Control Japanese Beetle larvae with *ferti·lome Grub Free Zone II* or organic *Milky Spore*
- ◆ Reduce weed population in flowerbeds and landscapes with *Hi-Yield Herbicide Granules Weed and Grass Preventer*
- ◆ Get rid of grasses and broadleaf weeds in paths and rocky areas organically with horticultural vinegar
- ◆ Lawn and garden questions? *Our Diagnostic Center* is staffed and equipped to pinpoint the problem and provide solutions that work.
